Subject: Update & GOOD FAITH INTENT TO HOLD PER 1872 Mining Law

Dear Mr./Madam Director and Recorder:

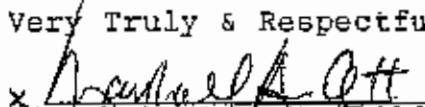

Please find attached a copy, but revised by year 2000 date, of last year's filings, sent to you then and now, by CERTIFIED MAIL, "RETURN RECEIPT REQUESTED" DONE BY THE 3-WARS USAF Veteran, the Colonel Donald I. Prickett, Ret., his address & phone numbers, still current. Both he and one other well-respected U.S. Colonel, but now deceased, have faithfully and so graciously done these for me all these past 10-plus years behind bars wrongly, since even the first year or so, all my mail from the County Jail--here was confiscated on this matter--and we have proof of this--thus making it fully impossible for any contact with you whatsoever. This is why the "GOOD FAITH" and "preclusions clauses" were put in that even-handed Law way back then(1872) and still holds true without question in all U.S. Courts where "Mining Law" is applied, trumping all other laws, incidently, as you are probably aware--for the very reason(s) I'm writing where foul play--the truth, and "fairness," have run amuck--have reigned.

ONE MORE THING. Note that one Mr. Michael("Mike") McKenna, Sr. once a dear friend and trusted enough for 4 1/2 years as "M&M Enterprises" Mine Superintendant, even on the "checkbook" for a year or so, has apparently taken it upon himself to quietly "jump" us by filing on top of us since what--1993-95? He robbed my personal condo & the Insurance Company there wanted me to sign a statement from jail back in 1990/91 to "put him away for 16-20 years," but I refused, since God's way is restoration & "deliverance," not a life behind bars(See Ex. 22). I believe Mckenna filed under the "aka" of "OMEGA METALS"---an earlier address being Box 2526, Apache Jct., AZ85219, a later P.O. Box being Box 2075, Apache Jct., AZ85217, which is also that of our "x exec. sec'y," namely, Penny Padgett, who also maybe been a bit involved in this foul play. Hence, we are still, without question, the rightful owners, as you yourselves will also learn, once all the stones are over-turned--and, we/I will be going to U.S. Court for remedy once out to assure same, should you or any one else doubt who the true owners are, you can be sure.

ALL THE ABOVE, is true and correct and written under penalty of perjury and properly according to all pertinent CA & AZ State Laws as well as U.S. Laws, with proper SIGNATORY WITNESS, credible & true, below.

Ref; My letter 12/11/99 with "Intent to Hold"

Dear Ms.

I am returning a copy of my above referenced letter and the response of your office per your request after our phone discussion 12/29/99

Col Buzz Brownell and myself (now that he is deceased) have been filing these "intent to hold" documents every year since 1990 when Mashall Ott and Mary Ann Howard were incarcerated and unable to file themselves. I understand that the 1872 mining law provides that those unable, for reasons beyond their control, to protect their mine claims, i.e. assessment work/fees and taxes are granted immunity from loosing them as long as they are unable to comply.

Our filings of "Intent To Hold" have since 1990 been returned with filing fees and have ignored our request to show by stamping that they were filed but rejected. My requests for explanations have always been ignored or as having no merit.

I am forwarding the filing fee you requested (for Marshall Ott) but I do not feel it is necessary. However I want the record to show my filing for Marshall Ott with fee to be sure it is on the record.

You generously offered to research the microfilm files to ascertain whether the attempted filings from 1990 -1998 for Marshall Ott and Mary Ann Howard and /or M&M Enterprises were ever recorded. Filing fee Checks were returned.

If these claims were usurped by new filings I am certain they will be challenged by Marshall Ott et al when he is able.

I appreciate your help in this matter. Please advise ASAP.

These are known as "Tom Thumb", "Black Queen", "Mammoth 2 and 3", "Annex" and "Indian 3". All are in the name of M&M Enterprises and Marshall Ott and Mary Anne Howard owners of record.

This letter is to file "INTENT TO HOLD" notice of the above listed claims on behalf of the above listed owners as a "GOOD FAITH" filing for indigency for Marshall Ott (contested incarceration) with a request for waiver of filing fees; all are covered under the 1872 mining law to protect against cases such as Ott's.

The undersigned is one of many who believe Marshall and Mary Anne to have been illegally incarcerated under false charges to gain control of their property by precluding their ability to comply with changing filing laws and costs.

Affidavit for 1999 filings;

I believe that the statements and conditions, difficulties, preclusions and state of indigency set forth in the 1991 through 1998 "intent to hold" filings were true and correct and that such state of indigency continues to exist and they are true and correct as of this filing for Dec 1999. The indigency which precludes Marshall Ott and Mary Anne Howard d/b/a as M&M Enterprises and Ott Services from compliance with current filing laws.
